

CTC-50G

A heavy-duty, black anodized clamp with a 550 lb (250 kg) load capacity designed for secure mounting on standard 2-inch (50 mm) trussing. Perfect for professional stage rigging, event production, and theatrical applications requiring the secure and discreet mounting of heavy lighting fixtures or other equipment.

- Safely supports substantial loads up to 550 lb (250 kg).
- Designed for a secure fit on standard 2-inch (50 mm) truss sections.
- Features a black anodized finish for low visibility and enhanced durability.
- Built with heavy-duty construction for reliable, long-term professional use.
- Provides a secure mounting point for heavy lighting fixtures and stage gear.
- Engineered to prevent truss damage while ensuring a firm, non-slip grip.
