

COLORDash Par H12X Barndoor

A four-leaf aluminum barn door designed for COLORDash Par H12X and H12XIP fixtures to precisely shape light output and prevent unwanted spill.

Ideal for theatrical stages and architectural installations where you need to shield excess light from scenery and structural elements.

- Features four independently adjustable leaves for precise beam shaping.
- Creates sharp, clean beam edges to eliminate unwanted light spill.
- Built from durable, lightweight aluminum for reliable performance.
- A matte black finish absorbs light to prevent unwanted reflections.
- Engineered for a secure fit on COLORDash Par H12X and H12XIP fixtures.
- Allows for precise illumination of subjects while masking surrounding areas.
