

COLORDash Par H18X Barndoor

A four-leaf aluminum barn door for the COLORDash Par H18X that shapes light output and prevents unwanted spill by modifying the beam's direction.

Ideal for stage and architectural applications where you need to shield excess light from specific elements and surfaces.

- Constructed from durable, lightweight aluminum for reliable performance and easy handling.
- Designed exclusively for the COLORDash Par H18X, ensuring a secure and perfect fit.
- Prevents unwanted light spill for cleaner, more professional stage and architectural looks.
- Four individually adjustable leaves provide maximum flexibility in shaping the light output.
- Ideal for precisely illuminating specific subjects while masking adjacent areas.
- Installs quickly and securely, allowing for rapid adjustments to the lighting plot.
