

# Basics sounds great.

Leave it to AKG to deliver on signature sound in an ear-bud headphone – offering the best of all worlds for the on-the-go professional.

AKG's lineup of in-ear headphones offers the listener audio quality in an extremely lightweight, ear-bud style. The AKG Y10 is far from typical in the ear-bud category. They adhere to the same high standards of AKG engineering excellence in every way. They might be small and lightweight – yet they're constructed to meet the same AKG standards for sound quality, comfort, versatility and functionality. Small yet responsive, the AKG Y10's are the perfect sound solution for today's on-the-go lifestyle. When it comes to AKG, sound quality rules.
